Introduction

THIS book is an expression of the school life at Garrett. It is the result of many hours of earnest thought and sincere effort. We have tried to make it a thoroughly representative Annual. With this aim and the aid of some of our teachers, especially Mr. Carroll, who has given us many suggestions for this book, and with the help of our fellow students, we have brought together material which we think shall be of interest to you. We hope it shall recall many pleasant memories of your student days and inspire you as it has us, with a newer and deeper love for your own G. H. S.

Dedication

WITH THE SINCERE WISHES AND PROFOUND HOPES THAT
THEY MAY INCREASE THEIR LOVE FOR THE G. H. S., AND DO
ALL IN THEIR POWER TO MAINTAIN THAT NAME WHICH IT
HAS WON, THIS ANNUAL IS RESPECTFULLY DEDICATED BY THE
CLASS OF 1916 TO THE UNDERGRADUATES.

WHEN TIME WHO STEALS OUR YEARS AWAY
SHALL STEAL OUR PLEASURES TOO,
THE MEMORIES OF THE PAST WILL STAY
AND HALF OUR JOYS RENEW.

Greeting

TO all the friends of Garrett High School, greeting. To the pupil in the grades, whose future membership in the school may contribute always to its uplift; to the freshman, the sophomore, the junior, into whose keeping is assigned the responsibility to guard its honor, and its name; to the alumni who in the past year, have gone out from within its walls, equipped with the essentials for success; to the school board, by whose aid it was able to become so important a phase in the community; to all of our teachers whose sincere and untiring efforts for our welfare, will always be an inspiration to us; to the parents whose unselfish sacrifices have made it possible for us to attend school; to all of these the true friends of education, we extend our hearty

Greeting

FACULTY

M. D. RENKENBERGER
Superintendent

Mr. Renkenberger is a Noble County man, having received his common and high school education at Avilla, Indiana. After graduation he taught eight years and then entered Wabash College. He completed his course there in 1906, received an A. B. degree. For four years he was an instructor in Bradley Polytechnic Institute, Peoria, Illinois, and for two years taught at McKinley High School, St. Louis, Missouri. While located in St. Louis he took graduate work at Washington University. Last year he held the position as principal of our high school. The past year he took upon his shoulders the responsible position of superintending the wayward and self-willed school children of this city. He has been successful in his work and stands high in the opinion of the high school pupils.

WILL FRANKS
Mediaeval and Modern History

Mr. Franks began teaching in 1878 in Noble County. He afterwards taught at Corunna and since 1887 he has been a member of the teaching staff of Garrett Public Schools. His education was received in the rural schools of Wooster, Ohio, and later in the schools of Corunna, Indiana, the Auburn High School, and Valparaiso University. Mr. Franks teaches the eighth grade and the Sophomore History class in High School.

EMMA ELVIS
Music and Art

Miss Elvis was born in Medford, Wisconsin, where she received her early education. After graduating from the Medford High School she attended the University of Wisconsin and while there she took special work in Music and Art. Miss Elvis began teaching at Cle Elum, Washington, and remained there two years. Last fall she came to Garrett and has won distinction by the rapid progress made in all music and art activities.

ELIZABETH BRITAN
English

Miss Britan is a native of Hanover, Indiana. She attended the common schools and Hanover Academy and after finishing this part of her education she entered Hanover College and graduated there in 1911. The next year she taught English at Paoli, Indiana. The following year she remained at home, teaching Latin in Hanover Academy. Before she came to Garrett she spent two years teaching English at Rockville, Indiana. She came to us last fall and undertook the almost hopeless task of endeavoring to interest us in the more serious things of life. As we are very grateful for any favors shown us we appreciate to the utmost all the efforts she has put forth in our behalf.

GEORGE CARROLL
Principal

Mr. Carroll began his life in this big city of Garrett. He was faithful in his attendance at school and graduated from high school a very sedate young man. He spent two years in studying at Northwestern University and the following three years at the University of Virginia. On returning to Garrett last fall he received the position as Principal of the high school. He has made school life very agreeable throughout the year by his pleasant and kindly ways and has gained the respect and cooperation of the student body by always setting for them the best of examples, which they are all inclined to follow.

DORTH A. CLARK
Latin

Miss Clark first learned the meaning of amo, amas, amat, in Dana, Indiana. Here she attended the common and high schools and graduated with the knowledge of having been a diligent student throughout the course. She took professional training at both Earlham College and the State Normal School.

She came to Garrett last fall to take charge of the Latin department. Her work in this subject has been so efficient that she has gained the respect and admiration of the entire High School.

DON E. VANFLEIT
Mathematics and Science

Mr. VanFleit, our genial and popular mathematics and science instructor, began his career here in Garrett. He attended school regularly and in due time was graduated from the high school with high honors. The next three years he spent in attending Purdue University. He came to the High School last year full of determination to succeed in imparting to us a part of the vast store of knowledge that he possessed. In this respect his success is very apparent. He is interested in all outdoor sports and during the past two years he has been the very efficient manager of our high school athletics.

FLORENCE DOBRICK
Domestic Science

Miss Dobbrick as well as several other of our teachers is a G. H. S. alumnus. Her common school education was obtained at three different places—Defiance, Ohio, Bay City, Michigan, and Garrett, Ind. She graduated from high school in 1912 and then took a course in Domestic Science at Oxford College, Oxford, Ohio. She has been teaching in the high school here for two years and if one can judge the quality of eatables by their odor this would certainly verify the statement that her work has been a success. She also has charge of the Sewing Department in the grades.

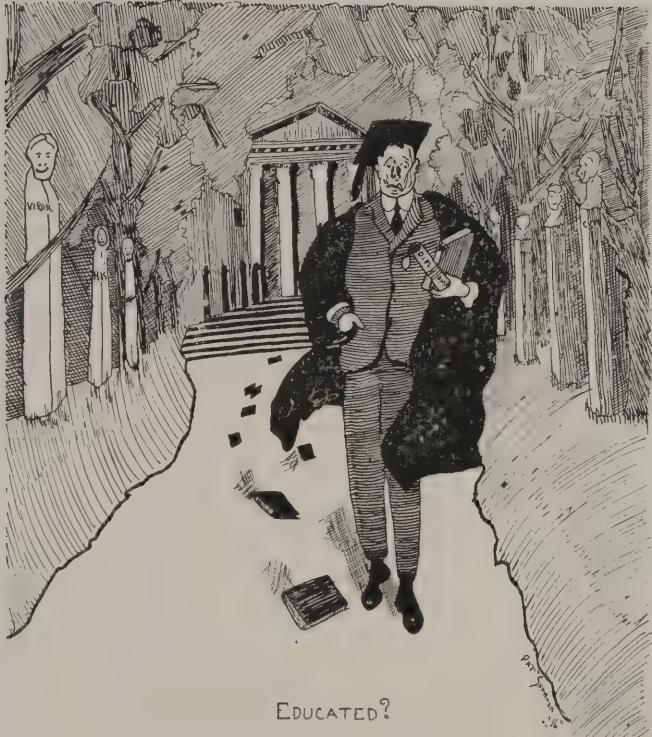

WILLIAM F. SCHOENIKE
German and Manual Training

Mr. Schoenike hails from the Badger state. He received his early schooling, that is, common and high school training, in Watertown, Wisconsin. After graduating there he took a course at Bradley Polytechnic Institute, Peoria, Illinois. Last fall he came to Garrett and accepted the position as Deutsche Lehrer in the high school. Under his careful instruction the students have made considerable progress in their study of the German language. He also has charge of the Manual Training Department of our school.

SENIORS

Senior Class History

On September 5, 1912, fifty adventuresome students set foot for the first time, in the Assembly hall of the Garrett High School. During the first few weeks that passed, by the many little acts and blunders they became well worthy of their humble name, "Freshmen."

The sophomore boys did their utmost to extend a hearty welcome to our class. As a result, much mirth and commotion was caused when the "initiated Freshmen boys" appeared with part of their locks missing. They were not completely subordinated, however, and because of their courage, steadfastness, and good endeavors, they won the good will of the Faculty and fellow classmates.

When school opened September 8, 1913, loud and confident steps made known the arrival of the "know-it-all" Sophomores. One by one those who were not "stickers" had departed from us. There were but thirty-two enrolled in our class.

The Faculty consisted of Mr. Merica, Superintendent, Mr. Antonides, Principal, Miss VanAuken, Miss Thomas, Mr. King and Miss Berry. The main feature of the year was getting acquainted with Caesar.

We entered the Junior year, fully convinced that High School life is the "best to be had." Our number had dwindled to twenty-two. We organized the class, electing Charles Shannon President and Alfred McCracken treasurer.

Our teachers were all new to us with the exception of Mr. Merica and Miss Thomas. Mr. Renkenberger had become our Principal, Mr. VanFleit our Geometry and Science instructor, Miss Enloe the Latin teacher and Miss Dobbrick was placed in charge of the Domestic Science department.

It was in the Junior year that we arrived at the safe and sane conclusion that "It doesn't pay to try to put it over on the teachers." The Junior class was marked by their wonderful power of adopting the ways and manners of society.

In 1915, for the last time, nineteen of us assembled. As requested by the members of the Faculty, we set numerous examples to the undergraduates in regard to deportment. Mr. Renkenberger was now our Superintendent, with Mr. Carroll as Principal, Mr. VanFleit Science instructor, Miss Britan English teacher, Miss Clark Latin teacher, Miss Dobbrick, instructor in Domestic Science and Sanitation and Hygiene and Mr. Schoenike in charge of German and Manual Training. Our organization as a Senior class was effected with Charles Shannon as President, Jeune Milholand as Secretary and Alfred McCracken as Treasurer. Shortly before Christmas preparations were begun for the publication of our Annual, the second ever attempted in this High School.

We the members of the class of 1916, realize that the laying of the foundation of our life work is as yet incomplete. Yet as we go forth, free from the protective seclusion of our high school home, each one of us, with our own ideas and ideals, we feel that we have been well paid for the time and energy which we have spent to attain that amount of knowledge which we now possess. Regardless of how high we may climb, or how near we may attain our ideals, we shall always look back to the dear old H. S. days, and sincerely regret that necessity demands the breaking of fond associations. And so with sorrow, and yet with joy—we say "Farewell."

Junior Class History

For eight long years, we had looked forward to our entrance into high school. At last on September 8, 1913, we entered the Garrett High School, as Freshmen, to be laughed at, especially by the Sophomores (now Seniors) who had displayed their unequalled greenness the year before. Later on they all had to acknowledge that we were the most intelligent class that had ever entered high school. Mr. Antonides, the principal, instructed us in Physical Geography, Miss Camp in Algebra, Miss Sembower in English, Miss VanAuken in Latin, Mr. Franks in Ancient History and Miss Berry in music and Art. Miss Sembower, having taken the solemn vows of matrimony, left Dec. 1 and was succeeded by Miss Thomas. Jan. 1, Miss Camp left to teach in Arkansas and was succeeded by Mr. King. Since all social affairs are bad for timid freshmen, we spent all of our time studying.

We resumed our duties the following year but our number had decreased from fifty to forty. The building had been redecorated and lights had been installed, consequently many social affairs were held. Two literary societies and a debating club were formed. Mr. Renkenberger instructed us in Agriculture, Mr. VanFleit in Algebra, Miss Thomas in English, owing to the death of Miss VanAuken, Miss Enlo in Latin, Miss Dobbrick in Domestic Science and History and Miss Elson in Music and Art. This year seemed to be more successful in every way than the previous year.

When we entered upon our career as Juniors, we were the largest Junior Class (38 in number) that had ever entered the Garrett High School. The Assembly Room had been enlarged and apparatus for laboratory work had been installed. Mr. Carroll instructs us in Geometry, Mr. VanFleit in Geometry and Physics, Miss Clark in Latin and English and Mr. Schoenike in German. We now have an organization with the following officers: Dewey VanLear president, Charles Butts vice president, Florence VanFleit secretary and Vesta Marvin treasurer. And in regards to Athletics I might mention that during our high school career we not only upheld our position but also did many things too in upholding the standing of our dear old school. Throughout all our high school career, we have been recognized as having a number of excellent base ball players and last year the base ball team was composed of our classmates. In addition to this five were chosen for the relay races which were held between Garrett, Auburn, Waterloo and St. Joe. So in closing this year we think we have lived up to our motto, "Nicht Vollendet aber Angefangen," or "Not finished but begun." In our Senior year our aim is to excel all our previous records, not only in number but in all scholastic activities.

Sophomore Class History

Although a class young in years compared with our honorable Juniors and Seniors, we are proud of our Sophomore Class. Why shouldn't we be? As a Freshman class we made our debut in High School with sixty-three members.

Our initiation into High School was one to be remembered and we all took our hazing like the martyrs during the time of Alexander The Great. Striving with great effort for a few months, we finally gained the recognition of the faculty. Then through the faculty came the inspiration to make the Freshman Class one of intelligence and diligence throughout our four years in High School, I wonder if the Juniors can say that?

About the third month of school we were grieved to know that one of our "cause-much-commotion" classmates, Charles VanLear, had found another suitable way to employ his time. About that time, also, Marjorie Wright and William Walter decided to attend other High Schools. . .

Many small amusements were put forth by the Freshmen and as Sophomores they are still leading the High School in such trivial diversities.

At the end of our first year we were nearly all of us glad and proud to find ourselves Sophomores. It was also such a relief at last to know we were nearing a three months' vacation. What more could we happily wish for?

On September 7, 1915, we gathered once more, for the beginning of our second year. After much discussion as to whether or not we should haze the Class of 1919, we decided to give them a party. The party proved a success and we hope that the forthcoming classes will follow our example and do away with the old idea of hazing.

We were willing to journey along with the number of fifty-two Sophomores, although we missed many students with whom we started. After the end of the first semester we were proud to find that the Sophomores had the highest average of attendance, deportment and studies. We are still endeavoring to "make the better-best" and are hoping that we may continue through our Junior and Senior years with a record as good as has been made in our Freshmen and Sophomore years.

History of the Freshman Class

The Freshman class or the class of 1919, is the largest one that has ever been enrolled in Garrett High School. It has a membership of seventy-eight students.

On the first few days of school the Freshmen were not by any means at their ease. They continually made mistakes and even committed such a grave error as leaving the Assembly Room at the wrong time. The laughs were all at their expense and they felt miserable.

In the midst of all this difficulty, however, the Sophomores passed a rule to the effect that they would not haze the Freshmen. They proposed as a substitute a reception to the class of 1919. The entertainment was a royal one and has resulted in the development of the good feeling which exists in the High School. The Freshmen are extremely appreciative of this Sophomore courtesy.

The course of study for our grade consists of English, Latin, Algebra, Domestic Science and Manual Training.

The Freshman class has always endeavored to take part in every school activity. The Domestic Science class has given a six o'clock dinner and a cafeteria luncheon to the members of the School Board and the Faculty. Some have taken an active interest in both literary societies while others represent the class on the High School athletic teams. In baseball Pitcher Freeze and Fielder Steckley are members of the first team.

The Freshman class is very grateful to the teachers and students who have made this year such a profitable one.

Two years ago our faculty saw the pressing need of instituting some system into our school which would restore the failing interest in literary work. Accordingly they decided to organize two societies, with a view of acquainting the student with the methods of parliamentary procedure in ad-

dition to the literary training which would be obtained. Our society has at all times aspired to make more complete and perfect each consecutive program. We are especially proud of our debators, who have discussed such present day topics as Government Ownership of Public Utilities, Preparedness, Initiative and Referendum, Student Government, and Commission Form of Government. Of equal importance have been our original papers upon many subjects of vital interest.

Our musicians, too, have played no small part in making our programs entertaining.

The Forensic Society was first organized in September, 1914, and the following were chosen as officers: President, Lawson Talbert; vice-president, George Harsh; secretary, Dewey VanLear; and treasurer, Allan Smith.

The object in organizing this society was to increase if possible the interest of the students in all literary work. Miss Thomas and Mr. VanFleit

were chosen as teacher advisors and under their guidance great progress was made. Programmes, consisting of musical numbers, readings and debates were given every six weeks throughout the year.

The society gave a reception to the Adelphian Society at the school house one evening in January. Music and games were features of the evening's entertainment.

A joint programme with the Adelphian Society was given in May and this program marked the close of the year's work along literary lines.

The society reorganized in September, 1915. Its work with the aid and co-operation of the faculty has been progressing steadily and has proven very beneficial to every member.

The Glee Club, the High School Chorus and the Orchestra are the three musical organizations of our school.

The Glee Club has been in existence since 1913. During the past year it has taken a very active part in all the programs and entertainments that have been given by the High School.

THE HIGH SCHOOL CHORUS

The High School Chorus is an indispensable part of the programs given

during the commencement season. As now organized the chorus consists of one hundred and fifty voices.

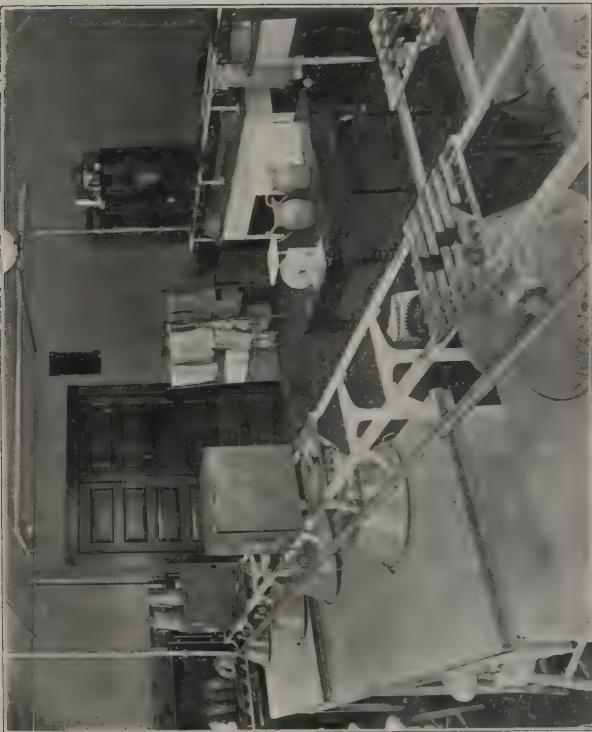

THE ORCHESTRA

The Orchestra is perhaps the best known of all the High School musical organizations. It was organized in 1909 and has continued to grow and improve since that time.

Members of Orchestra—Florence Widmer, Margaret Mountz, Georgia Fullmer, Sabina Roos, Helen Compartette, Lydia Gieser, Howard Hershberger, Gaylord Denison, Sherman Clark, Ralph Franks and Russell Updyke.

JUNIOR-SENIOR BANQUET

After weeks and months of hard work consisting of bake and candy sales, benefit shows and planning, the Juniors made ready for the customary Junior Senior Banquet. It was held in the Odd Fellows Hall, May twenty-first, nineteen hundred and fifteen, at eight-thirty p. m. The two main rooms were decorated with the class colors of the Seniors, purple and white, and on the north side of the dining room, in the class colors, was placed the Senior Motto, "Genius without culture is like silver without a mine." On the south side, in maroon and old gold was placed the Junior motto, "Man must not merely first learn and then do, but seek to learn by doing." In his toast Mr. Greene remarked that the Juniors should receive praise for choosing such a splendid motto.

Mr. Charles Shannon and Jeune Milholand seated the forty people and the Rebekah ladies served the banquet. The menu consisted of six courses and between the courses a delightful program was given. Charles Shannon delivered the Welcome Address and Mr. Talbert the Response. Mr. Merica related some Reminiscences which were very interesting. Ruth Gallatin gave a violin solo which was followed by talks, by Paul Carnahan on the Faculty, by Ferris Bruce on Deportment (very personal), and by Howard Hershberger on the class of '15.

A quartette composed of Burmadetta Johnston, Alice Harsh, Alfred McCracken, and Howard Hershberger furnished some splendid music. Afterwards Mr. Renkenberger spoke on Physical Culture. Other toasts followed, one on Farewell by Miss Beatrice Clear and the Response by Miss Harriett Clark.

Parties, Etc.

In early November of 1915, seven Seniors, two former classmates and the godfather of the class had a marshmallow roast and chicken supper at the home of Agnes Strause. The evening was a most delightful one, and the crowd was so occupied that the class missed the last car to Garrett.

November 27, 1914, the Junior class was entertained by Alfred McCracken at a Progressive Party. Mr. and Mrs. Merica were guests of honor.

February 18, 1915, the Junior boys entertained the Junior girls at the home of Bernard Elam. Mr. and Mrs. Merica and Don VanFleit were guests of the class. The flag which caused so much commotion in September held a prominent position in the parlor and all Juniors loyally saluted it upon entering.

The three-course supper was enjoyed by all—the boys prepared it!!!?

The evening was spent in playing games and holding contests.

On Monday, May 24, the Juniors and Seniors '15 expressed their regret over the departure of Miss Thomas by giving a party in her honor. She was presented with a desk clock. Music and dancing took place after the refreshments were served.

On March 19, 1915, the Junior girls banqueted the Junior boys. The school house was decorated fitly for a St. Patrick's day celebration. The party was a huge success and all the members of the faculty were present.

The annual Junior Senior picnic occurred May 19, 1915, and was an event to be remembered. The classes of 1915 and 1916 were present to a member. The time was spent playing ball, taking pictures and picking flowers. The spread consisted, for the most part, of roast bacon and burned coffee.

The Seniors had a supper at Hoover's on the evening of January 8, 1916. The girls played marbles while the boys played with dolls. Othmar Moore was the guest and entertained the class with some of the newest college music.

The Senior girls entertained Miss Enloe at a pot-luck supper October 6, 1915, at the home of Miss Florence Reneman. In addition to the class, Mr. and

Mrs. Renkenberger and Mr. Schoenike were present. Music was the feature of the evening.

On February 25, 1916, the Senior class enjoyed a pot-luck supper at the home of Miss Reneman. The evening was spent by playing games and singing. The vaudeville stunts of Mr. Shannon afforded much amusement.

Mrs. C. E. Gallatin entertained the Senior class at a six o'clock dinner Friday, March 3, 1916. The house was decorated with the Senior class colors and a three-course dinner was served. Between courses each member present discussed the subject written on his place-card. The speeches were as follows:

Mr. Herhberger gave a very ardent talk on "Love."

Miss Tindall, "Matrimony."

Mr. Smith, "Geometry Tests."

Miss Sanders, "Studebaker."

Miss Strause, "Divorce."

Mr. McCracken revealed some very interesting facts regarding, "The Art of Bluffing."

Miss Gallatin, "Fashions."

Miss Reneman, "English Classes."

Mr. Elam spoke on, "How to Become a Six Footer." He expressed his regrets in not purchasing long trousers sooner, as he is confident they added six inches to his height.

Miss Schunk gave an historical talk on "Cases I Have Known."

Mr. Hoover, "Cub Reporting."

Miss Harvey, "Cupid's Darts."

Mr. Hays, "Aeroplanes." He informed those present that if he ever perfected his machine he would try to fly high enough to find out how Old Ireland got her name.

Miss Horn, "Hicksville H. S. vs. G. H. S."

Miss Milholand, "Champagne and Champaign."

Miss Johnston, "Purdue."

Miss Harsh, "The Faculty."

Mr. Shannon was toastmaster and critic.

The remainder of the evening was spent very pleasantly by listening to Mr. Shannon's description of "School Life in Ireland."

Baseball

Garrett 13, Waterloo 3.

Garrett opened the season by meeting Waterloo on the home grounds, April 17. Our team won by a score of 13 to 3. Jack and Kline formed the battery for Garrett.

Garrett 4, Waterloo 3.

On April 24, after a week of hard practice for both teams, Waterloo again came to Garrett. More interest was shown in this game and the visiting team showed more opposition. Garrett won 4 to 3.

Hicksville 9, Garrett 3.

On May 1, the Hicksville team journeyed to our Hoosier city. After a hard struggle they succeeded in capturing the game by a score of 9 to 8.

Garrett 6, Butler 2.

Losing the previous week's game aroused a new interest and encouraged more practice. Therefore when they met Butler on the home grounds, May 8, another game was annexed, the score being 6 to 2.

Garrett 6, Auburn 3.

The following week found the Garrett team playing Auburn at Auburn. The latter team did not put up much resistance and Garrett was the victor 6 to 3.

Garrett 4, Auburn 3.

On May 22, G. H. S. team with a company of rooters made an appearance on the Auburn diamond. Excellent playing was executed on both sides. Breathless interest prevailed this game, the ninth inning ending in a tie. In the first half of the 10th, Garrett secured the deciding count. Score 3 to 4.

Garrett 9, Hicksville 6.

On May 28, the Buckeye team was greatly surprised when the Garrett team took the game 9 to 6. Garrett was much elated and therefore easily impressible as some of the female population of Hicksville may remember.

Butler 9, Garrett 4.

Garrett, not being used to playing all day and carousing all night, when they met Butler at Garrett on the following day lost the game, score 9 to 4. This ended the spring season.

Garrett 2, Waterloo 0.

The ball team organized at once upon returning to school and on Sept. 11, Waterloo played here. The Waterloo team did not seem well organized. Our team secured its first shut out 2 to 0.

Garrett 1, Waterloo 0.

Auburn 3, Garrett 2.

On Sept. 25 a "double header" was scheduled at Garrett. Waterloo and Garrett were to play first and the winner was to play Auburn. In the first game Waterloo did not secure a score and the result was 1 to 0, in itself telling the interest which was involved. After a brief intermission, Garrett again went into the field, commencing the game with Auburn. Although Jack had worked hard in the previous game he pitched good ball and permitted scarcely any hits. It was due to lack of support that Garrett lost the game, score 3 to 2. This game marked the close of the H. S. ball season.

An Expression of Gratitude

The Athletic Association wishes to express its gratitude to Hon. H. W. Mountz for his generosity in presenting the Base Ball Team with a check for \$25.

Track Team Schedule

Captain Sherman Clark

Manager Howard Hershberger

Track made its initial bow as a form of Athletics in the Garrett High School last fall. In a five-mile relay race held at Auburn on Thanksgiving day, the Garrett team finished second, losing first place to Auburn by only a few feet. The teams of Waterloo and St. Joe High Schools finished third and fourth respectively.

Garrett lacks adequate facilities for developing a track team, but even under the conditions as they exist much has been accomplished.

Track has interested in athletics a number of High School people who otherwise would have taken no part in such activities. The High School hopes to be able to send a team to the Indiana interscholastic next year, as well as to meet several neighboring schools in dual meets.

Jokes

Laugh and the teachers laugh with you
Laugh and you laugh alone,
First, when the joke is dear teacher's
Second, when the joke's your own.

I want to be a Senior
And with the Seniors stand,
A fountain pen stuck in my hair,
A note-book in my hand.

Right there amid the Seniors,
So trustful and so bright
I write a dandy essay
And dream of it by night.

Seniors were born for great things
Sophies were born for small;
But it is not yet recorded
Why the Freshies were born at all.

FRESHMAN POETRY.
'Twas midnight and the setting sun
Was rising in the far, far west,
The rapid river slowly run,
The frog is on his downy nest,
The pensive goat and the sportive cow
Hilarious leap from bough to bough.

GLEE CLUB.
"Swans sing before they die,
" 'Twas no bad thing,
"Did certain persons die
"Before they sing."

Freshie at end of first semester:—
"Teacher, may we take our Algebras
home now?"

HIGH SCHOOL.
First year—Emerald.
Second year—Soapstone.
Third year—Grindstone.
Fourth year—Tombstone.

Lawson Talbert down in Physics class
Was not paying attention;
(How he was otherwise occupied,
I promised down to mention).

Our teacher though, is a curious man
Says he to "Tal," "what's that?"
But before our "Tal" could answer,
"That's a Senior, shure!" says "Pat."

The high school paper is a great invention
The school gets all the fame;
The printer gets all the money
And the staff gets all the blame.

Miss Clark—"You may name the cases."
Confused freshie—"Nominative, Accusative, Genitive and Senior."

Miss Britan in Eng. XII—"Can you give an example of alliteration, Alfred?"

Alfred Mc.—"Well, I might as well wend my weary way westward without wishing you goodbye."

Miss Dobbrick—"Vesta, did you have permission to speak?"
Vesta '17—"Yes, ma'am, from Allan."

Hoover '16—Chem Class—
"When you're killed, you don't die—
You're just killed."

Write-up period in Chem. room very quiet.

Pat (singing)—"No Wedding Bells for Me."

VanFleit—"Charles, be more quiet over there."

Mr. VanFleit—"What's the matter with your pen, Paul?"

Percy '16—"It writes like a paint brush."

Mr. Renkenberger in Arith 12—
"Ruth, how did you proceed with this problem?"

"I didn't proceed."

Miss Britan—"Did Wordsworth return to England after his sojourn in Switzerland?"

Senior—"Yes ma'am, and he took a house in the Seat of Lords."

Miss Clark to Hoover concerning orientation outline—"Now your body—that's what you're talking about."

Jokes

FARCE.

I

There is a boy in our class
For fun we call him, "Squint";
As to his height and nose,
Dame Nature, she did stint.

II

Now "Squint" is real well meaning
And not intentionally bad;
But he will have the very last word
If such is to be had.

III

This "Squint" attended a lecture
Delivered by Mr. McNutt;
McNutt he lectured loud and long
About schools being in a rut.

IV

Next day old "Squint" made it a point
To be preoccupied,
And when questioned as to why he did,
"I was thinking," he replied.

V

But pride and youth, they both will fail
The same with me or you;
Lo and behold! to "Squint's" dismay
The teacher had been there too.

MELO-DRAMA

I

Says Pat, "I smell vanilla."
Says Doc, "Well, I should judge
The girls down in the cookin' class,
Are all a-makin' fudge."

II

So Pat and Doc and Mart and Pill
Plot deep, to get down there
To where the fudge is being made
By all the maidens fair.

III

So Pat he asked to be excused
And Pill, he wants a drink;
While Doc sneaks out as best he can,
Mart's health goes on the blink.

IV

So far so good—their little plan
They all meet in the hall,
And rush headlong to Domestic Lab.
As fast as 'tis good for all.

V

Tommy, Peggy, Becky and Gill
All a-makin' fudge.
Patrick, Doctor, Martin and Pill
Are duly appointed judge.

Jokes

VI

Alas! alack! The teacher now butts in
And points out to each erring lad
Wherein his deed
Lies sin!

VII

And as she takes them by the ear
Each inwardly does squeal
'Cause they all know what's a-comin'
From the court of Second Appeal.

A note picked up from the Seniors'
waste paper—"Say, Jeune, are we in
the elastic limit?"

"B. J."

(Ans) "Why, I have heard several
say we were the limit, but they didn't
mention which limit.

"Jeune."

Mr. VanFleit in Physics—"Electricity
doesn't kill you, it's your heart
that stops beating."

Mr. Renkenberger—"What are the
gable ends of a house?"

Pauline Cole—"Those little things
that come down."

Mr. Renkenberger—"That might be
icicles."

Mr. Carroll in History 12—
"Can anyone add anything to—Miss
Smith?"

Norma—"She might be a little
fatter."

Bud—"What is a dark horse candi-
date?"

Pat—"A Dark Horse is a man."

Mr. VanFleit in Geom. 11:
"Martin, bisect that line."
Noonan: "Into how many parts?"

Shannon (in Senior Class Meeting—
"Mr. Carnahan, have you anything to
say on this question?"

Carnahan (slowly rising)—"Mr.
President."

Shannon: "Mr. Carnahan."

Carnahan: "I guess I haven't any-
thing to say."

“Class Will”

We, the Senior class of 1916, of the city of Garrett, County of DeKalb, State of Indiana, being of exceptionally sound and brilliant mind and disposing memory, and feeling that the time draws nigh when we shall (probably) pass onward and upward into higher but (perhaps) not happier occupations, do hereby make and ordain this, our last will and testament:

First Article: Unto the High School, we will the incoming freshmen, as a slight recompense for our loss.

Second Article: Unto the faculty, we will the memory of our good behavior during our Senior year.

Third Article: Unto Miss Britan, we will all of our old “Literary Digests.”

Fourth Article: Unto the Juniors, we will all of our co-ordinate and theme paper which we were accused of taking.

Fifth Article: Unto the Juniors, we will also the Senior book table which was used mostly by the Freshmen.

Sixth Article: Unto the Sophomores, we will our ability to edit a class paper, and also our pens and ink bottles.

Seventh Article: Unto the Freshmen, we will our dear old room Seven, so they can fill the desks with paper to their hearts' content.

Eighth Article: Unto the incoming Freshmen, we will the use of the big Dictionaries which the Freshmen this year monopolized.

Ninth Article: Unto the following, we as a class, bequeath our various possessions.

Unto “Poor Pauline” we give about two feet of Alice's shortness and about ten pounds of her avoirdupois.

Unto Juanita, we will all of our chewing gum, stuck under the seats in the Assembly.

Unto Mart, we will all of Pat's Irish wit.

Unto Dale Feick, we will Doc's spectacles.

Unto Hazel Button, we will all of Jeune's superfluous note books.

Unto Harold Kast, we will all of our tablets to be used for paper-wads.

Unto Lucius Love, we will Hudson's gentle laugh.

Unto Alice Dean, we will all of our hair-ribbons.

Unto Ray Schomp, we will Doc's grind-organ which is to serve as an amusement in his dignified Junior year.

Unto Juanita, Madolin and Esther, we will the name of “The Troublesome Three.”

Tenth Article: Lastly we appoint Florence Dobbrick as executor of this, our last will and testament.

In Witness Whereof, witness our hands and seal, this fourteenth day of April, in the year of our Lord, one thousand nine hundred and sixteen, in this High School of Garrett, DeKalb County, Indiana.

Sworn before me, April 14, 1916.

THE HOME NEWSPAPER

FOR thirty and a half years The Clipper has kept the people of Garrett and surrounding country informed on the local news. That this policy is faithfully and successfully followed is indicated in our constantly large list of subscribers. A surprising number have taken the paper for ten to thirty years and file their renewals regularly and gladly. Our ambition is to make the paper better every week. If you have any suggestions to make, or items to publish, let us know. We want your friendship and patronage.

Have You Made a Will?

Do you realize that if you do not dispose of your property by will your estate may be disposed of very differently from the way you would wish? Unless a will is made, the law can take no account of the special personal needs of any heir.

When you make your will, why not insure efficient and economical management by appointing the Trust Company as executor and trustee?

This Company will guard the interests of your heirs, and will give your estate the benefit of experience gained in the management of many estates, of large and of only moderate size.

Tested Shoes
For Boys and Girls

There's nothing like an active Boy or Girl to really test out shoes. Only sound, well-made shoes will stand up for long.

TESS and TED SHOES

are tested shoes—and no other line of this kind on the market gives such durable, economical service under hard wear.

Boys and Girls like "TESS and TED" SHOES because they have the right amount of snap. Parents like them because they are correctly designed to protect growing feet and they keep shoe bills smaller.

Buy Them Here

OUR house is one of the oldest business institutions in Garrett and we have gained a place in the ranks of honest dealing that is unexcelled by any, our policy being one that holds old customers and creates new ones.

OUR PUBLIC SCHOOLS

The Garrett Public High School has been advancing every year and is gradually taking its place with the very best commissioned high schools of Indiana. Next year five well qualified teachers will give their whole time to the work of the High School, besides the teaching that is done by the Supervisors. Special teachers will have charge of the Domestic Science, Manual Training, Mechanical Drawing, Music and Art.

The unprecedented increase in the high school attendance at the opening of school last September has brought about some inconveniences but everyone has cheerfully made the best of it, and on the whole, this school year has been very satisfactory. With the prospect of well over two hundred pupils next year, and with the proper expansion to accommodate them, we have every reason to believe that next school year will excel the year now closing, not only in numbers but in the character of the services rendered to the school community.

The Study Halls will be increased and the laboratory equipment for the study of General Science, Physics, and Chemistry, which is already fairly good, will be extended as rapidly as our funds will warrant. The school has a small library which with the facilities offered by the Public Library affords our students fine opportunities for reference work and for general cultural reading.

Our high school is a member of the Indiana High School Athletic Association and we have made splendid records both in base ball and in track work. The officials of the high school are anxious that next year our athletics take a wider variety and that practically every boy and girl can find some definite avenue for organized physical development. We want clean athletics and we want it for all the boys and girls.

At present about 20% of our students are transferred from adjacent townships. Among these are some of our best students. Parents whose children are contemplating high school work should investigate the merits of the work being done by the Garrett Public High School.
